

TDE Intensive Assistant Program (ages 11-19)

The Dance Effect firmly believes in inspiring dancers to continue their dance journey and education. That is why we have started the TDE Assistant Program under Direction of Michelle Rambo. Michelle Rambo is an amazing dancer, choreographer, and role model with a passion for dance.

The Assistant program was developed to open a new window of opportunities for you as a dancer. We will begin the TDE Assistant Program together in the Fall of 2020!

Becoming a TDE assistant means:

- Free registration fees to any TDE Intensive for the season you're assisting. We request you to attend at least two TDE Intensives during the current year, Wichita, Kansas being one.
- Receive more one on one teaching with the TDE faculty.
- Make new friendships outside of your home studio and your home town.
- Opportunity to perform in the assistant group number during the Intensive Showcase!

Being a TDE Assistant means being a role model for all other dancers, not just at the Intensives but on social media and in the dance community. We as a faculty take this title very seriously. Being a TDE Assistant you will be pushed and encouraged to dance beyond your limits and to the best of your ability.
